

KLEZTORY

Klezmer ensemble

Programs with String Orchestra

In 2004, Kleztory recorded its second CD, *Klezmer*, with the string orchestra I Musici de Montréal, Yuli Turovsky, conducting. The fifteen pieces on the Chandos album can be performed by string sections as small as I Musici's (9 violins, 3 violas, 2 cellos & 1 double-bass), as large as a symphony orchestra, or anywhere in-between. The repertory can be conducted or led by clarinetist Airat Ichmouratov.
